Notice of Annual District Meeting, 1927

The legal voters of the North Easton Village District are hereby notified that the annual meeting of said District will be held in Ames Memorial Hall on Monday, April 4, 1927, at four o'clock P. M.

The meeting will be called to order in the Lower Hall, then and there to act upon the following articles:

ARTICLE 1. To elect by official ballot a Moderator, a District Clerk, a District Treasurer, a Prudential Committee consisting of three members, a Chief Engineer, a First Assistant Engineer, a Second Assistant Engineer, two Auditors, all for the term of one year, and a Water Commissioner for the term of three years.

The polls will be open at four o'clock P. M., in the Lower Hall, and may be closed at eight o'clock P. M. Upon the closing of the polls, said meeting will forthwith adjourn to the upper hall, then and there to act upon the following articles:

ARTICLE 2. To see if the District will accept the reports of the Prudential Committee, Clerk, Treasurer, Water Commissioners, Fire Engineers, and Auditors.

ARTICLE 3. To raise such sums of money as may be necessary to defray the District charges for the ensuing year, and make appropriations for the same.

ARTICLE 4. To see if the District will vote to authorize the District Treasurer, with the approval of the Prudential Committee, to borrow money in anticipation of the revenue of the ensuing year, and issue notes of the District therefor.

ARTICLE 5. To see what action the District will take in relation to employing and paying police officers and watchmen, and raise and appropriate money therefor.

ARTICLE 6. To see if the District will vote to build a cement sidewalk and curbing on the easterly side of Seaver Street, beginning at the end of the present sidewalk opposite residence of Joseph W. Baldwin, and running southerly a distance of about one hundred fifty-seven (157) feet to the driveway of Henry A. and Charles S. L. Kennedy; and raise and appropriate therefor the sum of two hundred and seventy-five ($275.00) dollars. (By petition.)

ARTICLE 7. To see if the District will vote to build a cement curbing on the north side of Reynolds Street, running between land

of Chester Styrene and Simon Anderson, both inclusive, a distance of about 550 feet, and raise and appropriate the sum of five hundred dollars ($500.00) for the same. (By petition.)

ARTICLE 8. To see if the District will vote to install an additional street light on North Main Street, between the residences of Mr. Andrew Johnson and Mr. Henry Holmes, and raise and appropriate money for the same. (By petition.)

ARTICLE 9. To see if the District will vote to install an additional street light on Lincoln Street, near the standpipe, and raise and appropriate money for same. (By petition.)

ARTICLE 10. To see if the District will vote to install an additional street light on Lincoln Street, near residence of Mrs. Margaret McDonald, and raise and appropriate money for same. (By petition.)

ARTICLE 11. To see what action the District will take in regard to establishing a quorum of at least fifty (50) legal voters of said district at any of its meetings. (By petition.)

ARTICLE 12. To see what action the District will take in regard to building a cement curbing on the westerly side of Seaver Street, beginning at a point at the residence of Patrick Regan, and extending southerly a distance of 135 feet, at an estimated cost of one hundred ($100.00) dollars, and raise and appropriate money for the same. (By petition.)

ARTICLE 13. To transact any other business that may legally come before said meeting.

TIMOTHY J. COTTER,
WALFRID J. G. BROMAN,
JEREMIAH J. COUGHLIN,
Prudential Committee.

RALPH W. CRAIG, Clerk.

Voted to accept reports of District Officers and to approve the following by-laws of Water Department.

Takers are required to keep meters in repair. After each reading, notice will be given to the owners of such meters as are found to require repairs.

If repairs are not made within three months after notice, each such meter will be removed, repaired and returned to the owner by the department and the cost of necessary repairs plus a charge of ($2.00) two dollars for service will be charged to the owner on his next water bill, or if the owner objects to such removal, service will be discontinued, not to be resumed until repairs are made and there will be a service charge ($2.00) two dollars, charged to the owner on his next water bill.

Voted to raise and appropriate the following sums of money :

1. Three thousand nine hundred sixty-nine dollars ninty-six cents ($3,969.69) for street lighting and to install three additional lights, two on Lincoln Street, one near stand-pipe ; the other near residence of Mrs. Margaret McDonald, and one on North Main Street between the residences of Mr. Andrew Johnson and Mr. Henry Holmes.

2. Twenty-three hundred dollars ($2,300.00) for care and maintenance of Fire Department.

3. Twenty-eight hundred seventy-five dollars ($2875.00) for building and repairing sidewalks—five hundred dollars ($500.00) to be used in building a cement curbing on north side of Reynolds Street running between the land of Chester Styrene and Simon Anderson both inclusive a distance of about five hundred feet.

Two hundred seventy-five dollars ($275.00) to build a cement sidewalk and curbing on the easterly side of Seaver Street beginning at end of present sidewalk and running southerly a distance of about one hundred fifty-seven feet to driveway of Henry A. and Charles S. L. Kennedy.

One hundred dollars ($100.00) to build a cement curbing on the westerly side of Seaver Street beginning at a point at the residence of Patrick Regan and extending southerly a distance of one hundred thirty-five feet.

4. Twenty-four hundred dollars ($2400.00) for the purpose of employing two police officers and watchmen for the ensuing year.

5. One thousand four hundred dollars ($1,400.00) for miscellaneous expenses.

6. Twenty-five hundred dollars ($2500.00) for Water Department: two thousand dollars ($2000.00) for the retirement of water bonds; and five hundred dollars ($500.00) for the payment of interest on the water bonds outstanding.

Voted to appropriate:

One thousand nine hundred twelve dollars and thirty-five cents ($1,912.35) for water department.

Eight hundred dollars ($800.00) for removal of snow.

Voted to authorize the District Treasurer, with the approval of the Prudential Committee, to borrow money in anticipation of the revenue of the ensuing year and issue notes of the District therefor.

Voted to establish a quorum of at least fifty (50) legal voters of said district at any of its meetings.

A unanimous rising vote of thanks was given Mr. Oliver Ames for financial aid of three thousand dollars ($3000.00) to the Water works.

Voted a committee of three be appointed by Moderator to act in conjunction with Prudential Committee in arranging a new contract for street lighting with the Edison Electric Illuminating Company of Brockton.

In submitting their annual report the Water Commissioners wish to call your attention to the fact that while the Standpipe was being painted last summer a comparison could be made for the first time since the Automatic Electric Pump has been in operation, between the cost of pumping by steam with that of electricity for twenty-four hour service.

It was found that the cost of electric current was .0298 cents per 1000 gallons while the cost of coal alone was .0389 per 1000 gallons, or 30% saving by electricity over that by steam, leaving out the salaries of two extra engineers who would be needed to maintain twenty-four hour service by steam.

You will notice that although about 4,715,000 gallons more water was pumped during the past year than during the preceding one, receipts from meter service fell off $1436.91. This was caused principally by a breather at the end of the main in North Main Street, which used about half a million gallons of water, and several large leaks discovered in the mains, notably one on Center Street and the other near the corner of Main and Seaver Streets, in which several million gallons of water must have been lost.

Since the income of the Water Department is paid over to the District Treasurer, under the General Laws, the yearly balance is no longer available for the general conduct of the Department.

It is therefore recommended that the net cash in hands of the District Treasurer from the income of the Department, $2293.22 be appropriated for the Water Department.

We also ask for an appropriation of $2,000 for retiring the bonds maturing this year.

There are 766 water takers, 5 of which have been added the past year.

OLIVER AMES,
ELLIS G. RANDALL,
JOHN F. LONG,
Water Commissioners.

Report of Committee on Street Lighting Contract

The Committee wish to announce that they have made a renewal of the contract for street lights with the Edison Electric Illuminating Company of Brockton, for the term of ten years, at the same rate as before per lamp; but with the added advantage of 80-candlepower instead of 60-candlepower bulbs. The Company guarantees that the cost will in no case go higher; but if conditions of the future warrant, it may be reduced.

Report of North Easton Fire Department

For the year ending Feb. 29, 1928

To the Citizens of the North Easton Village District:

The Board of Fire Engineers submit the following report of the North Easton Fire Department.

During the year this department has answered 29 alarms for fire of which 8 were buildings, 3 were chimney, 10 grass, 1 auto, 7 false.

In the past year we have lowered 3½ miles of wire on the first gains on the poles to comply with State laws. This year we feel that we can complete the rest of the work.

The board recommends the sum of $2300 be raised and appropropriated for maintenance and care of equipment and salaries and take care of running expenses.

We wish to call your attention to condition of our ladder truck. We have at a considerable expense tried to keep it in repair with no results. This truck has seen thirty-two years of service. Nine years ago it was rebuilt and changed over so that it could be pulled by a tractor which was made from a second-hand automobile. At the last inspection by the fire underwriters the truck was declared obsolete. Therefore we recommend the purchase of something up-to-date at a cost of $7,000 or less.

We also submit a report of expenses for the year.
